Although the above mentioned is the current level of turnover/income and is closely related to the economic indicators, it may be more or less in future. Consequently, this certificate does not serve as a guarantee that the income reflected will continue at the same levels. Where the entity is a startup enterprise this EME certificate is valid only for contracts with a single value of less than or equal to R5 million. Should the contract value being tendered for be higher than R5 million and less than R15 million, the EME will be required to submit a QSE Verification Certificate with any tender. For contracts over R15 million a B-BBEE Verification Certificate based on the Generic Codes must be submitted.

We have determined that the turnover / income is less than R5 million based on a sample review of Cordicel CC's Bank statements for the period June 2012 to September 2012. The level of Black Ownership was determined through inspection of the Certificate of Confirmation and the subsequent inspection of member Identity document.
